# Greater Volume of Toppings.

Now you can store more ingredients and condiments within your existing prep space using GN 1/9, 6" (15 cm) deep fractional food pans. This new 6" (15 cm) addition to our 1/9 food pans provides 55% more holding capacity for popular ingredients. These compact food pans are designed to be used in prep tables, steam tables, breasting stations and salad stations to help keep more volume of toppings within reach without taking up additional space.

- Non-stick smooth interior surface increases yields and promotes easy cleaning.
- Commercial dishwasher safe. Not recommended for use in microwaves or steam tables.

## Cold and Ambient Applications

Camwear® clear food pans can withstand temperatures ranging from -40° to 210°F (-40° to 99°C).

## High Heat Applications

H-Pan™ material for high heat applications can go from prep, to cooler, to oven to hot holding applications at temperatures ranging from -40° to 375°F (-40° to 190°C), and are safe for microwave use. BPA-free.

Holds **55%** more volume within the same space compared to a 4" (10 cm) food pan.
