

Appetizing Meal Presentation with Camcovers

Camwear Camcovers deliver the optimal dining experience to your patients and residents. This lightweight, low profile plate cover fits 9" plates and is ideal for use in heated meal delivery carts with limited tray spacing, maintaining an appetizing tray presentation.

- Made of durable polycarbonate.
- For heated carts up to 210°F (99°C).
- Stackable for easy transport and storage.
- High temperature dishwasher safe.
- Quieter than metal covers.
- NSF Listed.
